

Celebrating Homeownership Month *Building Communities Together*

New Homeowners Receive Golden Key

Georgia Rural Development Area Six (Southeast Georgia) recently celebrated Homeownership by visiting a local new homeowner and family on June 2, 2016. The Harris Family of Douglas, Georgia welcomed State Director, Jill Stuckey and Area Director, Ricky Sweat along with Area Single Family Home Loan Specialists, Bert Walker and Cheryl Johns to their new home in Coffee County financed by U.S. Department of Agriculture (USDA) Rural Development.

We helped the Harris Family achieve the dream of owning their own home by providing financing with our Single Family Housing Direct Home Loan program. “A home is more than a building. It is the foundation for the future of a family. Owning your own home changes your life and the life of your family. To realize this dream, USDA Rural Development can provide financing to help make it a reality,” State Director, Jill Stuckey states.

Also known as the Section 502 Direct Loan Program, this program assists low- and very-low-income applicants obtain decent, safe and sanitary housing in eligible rural areas by providing 100 percent financing and also offers payment assistance to increase an applicant's repayment ability.

Area Director and local staff were happy to have the new State Director be with us for this celebration and present the “golden key” to this family! “It’s good to be reminded that our jobs impact families and people in a tangible way. To be told by a Mother that their child insists that her friends come to her house to spend the night, because she is proud of her house, says something,” said Ricky Sweat, Area Six Director.
